### 2 Men With Guns Rob Dr. Hamm; Youths With Knife Loot Confectionery

Granite City's oldest physician was robbed of about \$50 at gunpoint Monday night by two men who tied him and left him in a washroom at his office, and two youths, one wielding a knife, robbed a woman confectionery operator of \$37 Tuesday evening in Granite City.

Dr. Melfred Hamm, 85, who has his office in his home at 2049 State street, said he was giving off his desk typing blood test reports when a man entered. "Looking up, the doctor saw the man had a pistol in his hand."

"I thought it was an April fool's joke so I kept on working," he said. The doctor was facing the door through which the bandit entered. A second man stood in a front office. When Dr. Hamm did not respond to the threat of the gun, the man stepped quickly behind him and attempted to blindfold his victim.

Struggle—Hit In Face  
"We struggled a bit and he couldn't blindfold me so he tried to choke me with the blindfold," the doctor said. "He hit me in the face a few times and knocked my denture out and my chair overturned."

The men took the doctor's wallet containing only personal papers and his driver's license and removed about \$50 in bills from his pocket. "I told them there was no money in the wallet but they kept it anyway," the doctor said. "They took about \$35 or \$40 out of one pocket and about \$15 out of another. I don't know exactly how much I had."

Bound With Fan Cord  
The bandits then tore the cord from an electric fan and pushed the doctor into the washroom. They bound him with the cord and then left. Before leaving, they told him to keep quiet for 30 minutes. Dr. Hamm found a piece of wire, however, and broke the wire with it, freeing himself.

By the time he got out of the washroom several patients had entered the front door. If asked them if they had seen anyone leave, they hadn't so the men must have left by the rear door. One of the men apparently had stood guard in the front office, acting as a lookout, for he had attempted to pull down a blind on the front door and turn it in his hand. Dr. Hamm said he did not see the face of either of the men. He judged, however, that they were husky and 30 to 40 years of age.

## Mayor Says Action On Contract To Be Delayed Until May

Council action on hiring an engineering firm to design a sewage treatment plant for Granite City probably will be stalled until next month when the city council meets.

A special meeting of the council last night—called during Monday night's regular session for the sole purpose of "solving pollution problems"—was canceled at 7:06 p.m. when 12 of the 14 were in the city hall lobby.

Missing then were Aldermen Walter Nann and Samuel Shackelford. Nann walked into the lobby at 7:11 and Shackelford appeared at 7:20. But by that time, at least two other aldermen had departed.

The mayor made the cancellation announcement in the second floor lobby and then went downstairs to the police squad room. Most of the aldermen stood around to discuss the election.

People Have "Indicated"  
The mayor commented that it would be necessary for the council to rescind the previous votes taken to award a \$25,000 extra fee treatment plant award to Chester Engineers of Pittsburgh, and then it would be up to the council to decide what action to be taken. "The people have indicated what action they want the council to take," Davis said, referring to Tuesday's election.

The next regular session is set for April 15, but a special meeting will be necessary before then to cancel the election returns. It may be set for next Monday.

Opponents of the extra fee contract were ready to call for a referendum if a move had been made last night to proceed with the contract award to Chester Engineers. The agreement, while having received majority votes on several occasions, has not been passed.

City Atty. George Filloff Jr. explained it was necessary to explain the 14 aldermen to the council last night's special meeting because of a technicality. He said the special meeting notice was read during the regular council meeting instead of being sent out to individual aldermen. For that reason all aldermen who were present at the regular meeting were to be present for the special meeting for any action taken to be proper.

## Free Income Service On Three Days Only

Only 11 days remain in which to file federal income tax returns. Free assistance is available at the city hall in Granite City on only three more days, however.

Agents of the East St. Louis office of Internal Revenue Service will be on hand from 9 a.m. to 4 p.m. tomorrow, April 2 and Monday, April 15, the deadline for filing.

The service is provided in the council chamber on the second floor. Persons desiring assistance must go to the city hall since no telephone service is provided.

## 3 Cities Will Be Honored For '62 Pedestrian Safety

Good pedestrian protection records and safety programs for school-age children have earned Granite City, Madison and Venice special places on the 1962 Honor Roll of the AAA Automobile Club, Illinois Division, it was announced today.

The club's Honor Roll program has been held annually since 1942, with special award luncheons held every five years. To make the judging more equitable, cities are divided into population classes. To qualify, cities with 2000 to 5000 population must have gone with a death or serious injury in traffic accidents to children of school age during 1962.

Cities with 5000 to 25,000 population qualified by having no deaths to school-age children, and cities above 25,000 were selected on the basis of their low casualty records and planned school safety programs.

# Cty Administration Takes Beating; Seven New Aldermen Elected in GC

## Election Highlights

Tuesday's election in Granite City, one of the most spirited in recent years, drew top interest of the residents throughout the city, yesterday and today.

The Press-Record staff handled thousands of telephone inquiries election night and into the early hours of Wednesday. The calls continued throughout Wednesday and today.

Normally, an individual is interested in one or two races, but in Tuesday's election almost every caller wanted a full run-down on the victors in every contest.

Poll watchers were avid in their work not only while the polling places were open, but even after they closed. A number of election judges complained they were crowded to close by while counting ballots. They had to open the polling place doors during the night because of the high temperature, and people surged in.

The warm, sunny election day not only brought out more than 12,000 voters, but provided campaigners who worked outside the polls with their first stage of sun bath.

Alderman Nann denied that he had been instructed to vote out of the Precinct 14, polling place after he had voted in the morning. "I had home responsibilities, but I stayed home most of the day," he said.

Excitement prevailed during election day Tuesday, especially in the Fifth, Sixth and Seventh Wards where aldermanic contests were heated and close.

Crowds milled around Green's confectionery, the city hall polling place on Denver street, throughout the day and until election judges determined Fifth Ward results at about 1 a.m. Victory parades and parties lasted through the night.

From 50 to 100 persons crowded into the basement of Walter Nann's home at 2711 Chicago street for a party, even during a stage of the evening when Nann thought he may have been defeated for re-election.

## Webb, Gaughan Win Assistant Supervisors; Roach Gets Third Post

(Previous Chart on Page 5)

The two incumbent assistant supervisors, William B. Webb Jr. and Robert Gaughan, and Carl Roach were elected to the three assistant supervisor offices in Granite City township Tuesday.

The third incumbent, John Graham, did not seek re-election. Among the field of seven candidates, Webb won strong support, getting 5219 votes, according to the unofficial election night tally.

Gaughan was second with 4797 and Roach, a newcomer, polled 4618 votes, defeating his nearest contender, Charles Voss by 325 votes. Voss totaled 4293.

Paul Kaveera received 3309 votes, while the city administrator candidate, Daniel Chuvpich, ran sixth with 2966, and John Winkler tallied 2533.

As returns were being compiled, it was apparent Webb and Gaughan would be re-elected. They were assured of a third term in 1967, leading the field with 475 to 291 for Roach, 425 for Gaughan and 284 for Webb.

He also was the leader in No. 4 (Kop's barber shop), No. 10 (Williams' residence) and No. 17 at the shopping center.

Webb ran in front in seven precincts, while Gaughan was top vote-getter in nine.

Churchich, the administration candidate, was front-runner only in one precinct, No. 23 at the Northern residence on Irish street.

Police spotted the stolen auto a short time later on Rock road. The vehicle was reported stolen from Swindle Hobson, 2243 Edison avenue, about 9:25 p.m. It disappeared from 20th street and Delmar avenue.

Two youths jumped out and started to run. They were quickly apprehended by the police and lodged in the Granite City jail.

The 15-year-old Madison boy admitted stealing the vehicle. They had removed the hubcaps from the wheels, police said, and had them inside the auto when apprehended.

Stewart was charged with criminal trespass to a motor vehicle in the instance of a major vehicle in a warrant signed by Police Chief Raymond Willard.

He was arraigned Tuesday afternoon before Police Magistrate Gasparovic and entered a plea of guilty. The case was taken under advisement and the youth was released on \$500 bond.

The 15-year-old was identified as Larry Packer, 1526 Fifth street. A warrant was served on the complainant of Chief Willard charging him with criminal trespass to a motor vehicle, having no driver's license, and driving the car without proper signification. He pleaded guilty to all charges.

Gasparovic referred him to the Co-Ordinated Youth Authority on the criminal trespass charge. He took the other charges under advisement and freed the boys on a \$375 bond.

## Incumbents Schmittou, LeMaster, Shackelford And Vesci Defeated

Granite Cityans voted strong protest to the city administration in Tuesday's off-year election which saw four incumbent aldermen defeated.

Seven new faces will appear on the 16-member city council when the newly-elected officials assume their duties in May. The heated election is expected to be in at least one recount—in the Seventh Ward—and it was reported a vote fraud charge may be filed in the Sixth Ward.

Over 13,000 votes were cast, nearly equaling the 15,000 in the mayoralty election two years ago. Election day was described by many as the "hectic, old-fashioned kind, with everybody active and interested." The turnout was rated at about 65%.

Veteran Alderman Earl V. Schmittou in the First Ward, defeated Rufus LeMaster in the Third Ward lost out to Charles W. Moerlien and Clyde "Butter" Boyd, and incumbent Samuel Shackelford was defeated by William McGee in the Sixth Ward.

Incumbent Frank "Vesci" lost to Earl "Tootle" Thompson in the Eighth and ran last in a field of four candidates.

The city administration candidates Bernard Mateyka in the Second Ward and Liten Joyce in the Fourth Ward were defeated easily by incumbents Samuel Whitmer and Donald Packer.

## 141-Vote Victory For Nann

In the Fifth Ward, the hotly-contested post was returned to Walter Nann, who won by 142 votes over Curtis Elyne. The vote, especially in the 11th precinct, saw the most active campaigning, as the only administration-backed alderman was defeated.

The city hall did not endorse any one candidate in the Seventh Ward, where the election's closest race went to G. H. Sternberg by 10 votes over R. E. "Mickey" Robertson. It is expected that Robertson will take office as alderman.

No date has been set for the canvass of the election returns by the city council, but it is expected a special session may be called for next Monday evening.

In the battle for two-year terms, the city council members, Ward 1, the victories went to William Dallas and J. D. "Smiley" Bergfield.

Warfield Wins  
Supt. of Streets William Warfield, the only city candidate running for re-election, won 829 votes over his opponent Tom Nesbit. Warfield carried 24 out of the 25 precincts, losing only in the 14th and 15th wards.

The First Ward saw Schmittou defeated by 38 votes, and his running mate, Frank Baranica, lost to Dallas by 74.

A breakdown of voting in the three precincts of the First Ward follows:  
Schmittou—56, 81, 169 total  
Baranica—38, 61, 215 total  
Dallas—35, 58, 103 total  
Nesbit—22, 35, 57 total  
Baranica—72, 76, 173 total  
Dallas—75, 98, 224 total  
Massey—7, 15, 22 total  
Baranica—24, 35, 59 total  
Whitmer won 803 to 229 over Vesci.

## C. Of C. Opposes New Two-County Study Commission

The board of directors of the Chamber of Commerce of the Tri-Cities voted to oppose creation of the proposed Southwest Illinois Metropolitan Area Planning Commission during a dinner meeting Tuesday at the Rose Bowl restaurant.

Legislation sponsored by State Sen. Paul Simon (D-Troy) would form the planning commission to study the needs of Madison and St. Clair counties. It has passed the State Senate, the board was informed, along with a \$37,500 appropriation for two years of operations.

The C. of C. board felt that such a commission was not needed in this area or the county, especially as the federal government already has granted \$39,965 to the Illinois Board of Economic Development for use in this area.

Also on record opposing the bill are the Greater Alton Association of Commerce, the Belleville Chamber of Commerce and the Southwest Illinois Association of Mayors.

**Water Ways Program**  
Carl Ranft reported that arrangements are being made with the Chicago Association of Commerce and the Chicago Port Authority for a water ways program for business leaders of this area, which may include the local and Chicago ports and the St. Lawrence Seaway.

The industrial development committee headed by C. E. Townsend reported five or six members will attend the Industrial Development Conference, sponsored by the Illinois State Chamber of Commerce, next Wednesday at Normal. He said his committee has answered a number of queries from industrial prospects and made one out-of-town visitation last month.

Chester Baker, chamber president, announced that three new slide film programs being obtained from the U. S. Chamber of Commerce will be available to organizations. They are entitled "Everybody Talks About Taxes," "Who Controls Your Purse Strings" and "Who Profits from Profits."

Three new volunteers were approved for membership. They are Charles J. Beck of Beck Heating Co., 2309 Lincoln avenue; John D. Bell of Bell's Service Station, Washington avenue and Edwards street; and R. K. Bennington of Bennington Jewellery, 1908 Delmar avenue. The membership relations committee reported collections of \$387 in delinquent dues.

**Telephone Clinic**  
The board approved sponsorship of a "good telephone usage clinic" with the Southwest Bell Telephone Co. on April 17. A program is being developed. Baker announced that the annual Play Day will be held June 4 at the Sunset Hill Country Club. He reported that four or five delegates will attend the annual conference of the U. S. Chamber April 28-May 1 at Washington, D. C.

The board approved a new consolidated insurance program developed by the audit committee led by Robert E. Backs, who reported greater coverage for \$28 a year less premiums. The insurance program will be rotated each three years among local agencies, with the Lueders agency granted the first contract.

**Press-Record Staff Photographer**  
NEW NIGHT RIDING DEPUTY named to county job this week by Sheriff Barney Fraundorf is John M. Cooper, 35, of 2405 Jerden avenue.

**John Cooper Named Night-Riding Deputy**

Two additional night-riding deputy sheriffs, including one from Granite City, were named this week by Sheriff Barney Fraundorf at Edwardsville.

John M. Cooper, 35, of 2405 Jerden avenue and Herbert Horton, 36, of Hartford began their duties this week.

Cooper, a former insurance agent who was in the U. S. Navy Shore Patrol from 1943 to 1951, is married and the father of four children.

Horton, a former Hartford policeman and refinery worker, is married and the father of three children.

## Tame Dove Lands In GC Woman's Yard

A mourning dove which flew into her yard Tuesday, a week to the day after the death of her mother is being kept at her home by Mrs. Harry (Pearl) Conn, 1724 Sycamore avenue, who is certain it is a pet.

"The dove landed in my front yard at dusk, just as I stepped out of the house, and it let me pick it up. It's quite content and coos all the time. I'll keep it until the owner claims it," Mrs. Conn said.

Luckily, the very same day, a neighbor had thrown out a bird cage, which Mrs. Conn acquired for the dove. "It's a small bird, and I'd love to keep it," she added.

who works in the store on Tuesdays, said two boys about 17 to 19 years of age walked in. The youth with the knife spoke in a deep voice, she said, saying, "This is a stickup. Don't make any trouble and you won't get hurt."

He was about four or five feet away from her, she said, and was the only one to speak. The other youth followed him around.

"They went behind the counter and rifled the cash register of an undetermined amount."

"Then the boy with the knife asked where the phone was," said Mrs. Little. She told him and he went into the living room at the rear of the store and cut the wires.

## Rate County Pupils As Best In State

Madison county high school graduates rank first in Illinois in their scholastic records, Madison Rotarians were told yesterday by George T. Wilkins, former state superintendent now on the staff at the Northwestern Illinois University campus. He cited the importance of having more technical training facilities and more junior colleges in Illinois.

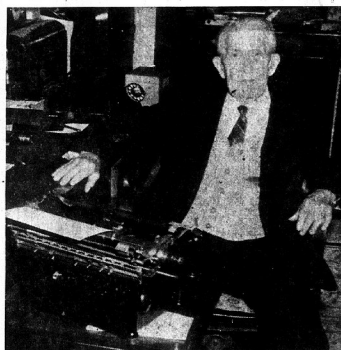

Wilkins, former Madison and Madison county school superintendent, said the local university will attract students from a wide area and will need to be expanded on a rapid basis, labeling his views an unofficial "dreams," he said the state would be wise to provide \$30 million for the second phase of SWIU construction—\$25 million for the academic phase and \$25 million for a vocational-technical program.

The principal speaker, Virgil L. Seymour, assistant to the vice-president and assistant sociology professor, outlined plans for the initial \$25 million phase of university construction and used drawings and floor plans to illustrate his talk.

Seymour cautioned against hopes for a September 1964 opening, particularly for latter stages of the six-building project, saying the last half of 1965 is more likely. Anthony Zedek was program chairman.

## A Message From Surplus

You've seen ads . . . and bargain tool counters featuring a tool section such as "your choice \$1.88" or "your choice 88c." Often as not, though, many of the \$1.88 tools should really sell for only \$1.49 and the 88c tools should sell for 59c or less. Surplus Discount Store is aware of this unfortunate development in some areas wherein the consumer is fooled into thinking he has purchased a "bargain." We will not be a party to such merchandising schemes. Surplus Store belongs to a group of 65 stores that purchase items in bulk at tremendous discounts. This group of stores has accumulated a huge assortment of hand tools at terrifically low prices. In our tool section you will not find one or two groups marked at one price BUT RATHER, EACH TOOL IS INDIVIDUALLY MARKED AT THE LOWEST POSSIBLE PRICE FOR WHICH IT CAN BE OFFERED BASED ON THE TOOL'S OWN MERIT, QUALITY AND COST. We think you will like the idea of individual tool prices so that you will know that no one is trying to "fool some of the public, some of the time." Please come in and see our selection for yourself. Select the tools you need from over 100 different kinds, some of which are found in this ad.

## Discuss Buying House At Lee Park

Possible acquisition of residential property jutting into the area occupied by Lee Park was discussed during a reorganization meeting of the Venice park board last night.

Mr. and Mrs. Fred Diebold, occupants of the house located near Broadway, offered to sell to the park district. They were accompanied by an attorney and an appraiser.

The district has sought the property for some time due to its location, and plans call for the area to be converted to general park use. Last negotiation took place in 1962.

Mrs. Hilda Daubert, vice-president, and Supr. Marion Groshong were appointed to obtain an appraisal and to report back to the board at the May meeting.

A canvass of Tuesday's election showed no change in the unofficial results, and John Mitchell and Thomas Brader were seated for new six-year terms.

All officers were re-elected for 1963-64 during the reorganization. Besides Mrs. Daubert and Groshong, they are William Ohlendorf jr., president; Leroy Kutz, secretary; Charles Sim-

## Madison Council Displeased With Assessment Cut

The City of Madison is protesting the action of the County Board of Review in lowering the assessment of the former American Car and Foundry property by \$407,650.

Mayor Stephen Maeras reported the drop Tuesday night at a city council meeting.

He said County Clerk Eulalia Hotz noted the decrease in her report to the city on the amount of the assessed valuation to be spread.

The mayor said the property belongs to the Owens-Illinois Glass Co. and is operated through the Louis G. Korn trust. He said the action of the board of review was taken without notifying or consulting Venice Township Assessor Joseph Bergrath.

Plant Buildings Removed  
The reason for the decreased assessment is that part of the plant has been undergoing dismantling. The mayor said the action should be protested in the county court, the circuit court and if necessary, the state supreme court.

A motion by Third Ward Alderman Raymond Kozielek was passed. He called for appropriate legal steps to be taken. The matter was turned over to the city legal staff.

Mayor Maeras estimated that the assessed valuation change would result in an overall tax loss of about \$16,000 to five taxing bodies, including \$7,000 to the Madison school district and \$4,000 to the city.

Bergrath assessed the property at \$773,120 and the Board of Review cut it to \$371,480 in December, Maeras told the council.

Students To Attend  
The mayor announced that students of a Madison high school government class will attend the next council meeting on April 16 to observe the swearing in of city officials.

The following day, he will visit the school to explain to the class the procedures involved concerning such things as petitions, nomination and election.

The students will hold an election of their own, following the procedures, he said, naming a person to each city office.

On April 30, the student officials will spend the day with their counterparts in the city government. That night, they will attend the council meeting. After the city business has been transacted, they will take up the items once more and work out their own solutions.

## Health Needs Cited In Talks To Women Voters

City Inspector Jack Fricke and Assistant City Inspector William Jenkins cited advantages of creating a public health district in addressing a unit meeting of the Granite City Provisional League of Women Voters yesterday morning at the home of Mrs. Harold F. Karanick, 65 Oaklawn drive.

Such a district could aid substantially in the fight against insects and could control such procedures as garbage disposal and burning. The speakers said, adding that it also could coordinate efforts to combat epidemics and potential epidemics.

## Hiles Sets School Records With Shot And Discus In GC's Track Win Over Oilers

Weightman Joe Hiles cracked two school records here Tuesday as Granite City high school rolled to a 67½-50½ win over Wood River in the Warriors' first track and field efforts of the season.

Hiles, a transfer student from Collinsville, put the shot 54 feet seven inches, and heaved the discus 150-10½ to break previous GCHS marks and take first places in both the field events.

Both of his distances bettered lengths necessary to qualify for the state track meet.

Hiles joined Dick Estes and Jim Batson, both of Wood River, as double winners in the dual meet. Outside of Hiles' efforts, the best marks of the afternoon were by Jim Parker of Granite City in the 100 (10.5) and by Batson, who vaulted 11-6.

Granite City eked out a 60-58 win in junior division events.

With Wood River's Mike Coulson, topping the low hurdles in 16.25 and GCHS's Mike Mounce running a 55.2 quarter-mile for the best individual efforts.

**Alton On Schedule**

On Friday, Coach Ross Rosen, that's Warriors travel to Mexico for a dual meet. Next Tuesday afternoon, they are at home to a powerful Alton squad which is already away to an impressive start.

Our first store, still operating, as it looked on a summer holiday in 1914.

# It's Our 49th Birthday!

1914, when our first store was opened (remodeled many times, still operating) was surely not a dull year... World War I started in Europe, Henry Ford set a new standard for wages, \$5 for 8 hours, W. C. Handy wrote "St. Louis Blues," Theodore Roosevelt was on a Brazil jungle trip and lots of other things were happening. We've been through two world wars, two major depressions... we've battled the "stamps" with very low everyday prices... (which our customers enjoy), we've had skirmishes with discount houses, and other retailers. We've seen several "revolutions" in food stores take place in 49 years... probably none so dramatic as the change from cracker barrels and pickle kegs to having you reach in our frozen food cases for ready-to-serve dinners!

The construction has been planned so as to minimize disrupting the present store operation and Reese stated that he does not believe the construction will inconvenience shoppers.

**MONDAY, APRIL 4, 1938**  
If good weather continues, the last contract on the new Venice, the stadium, will be finished in the next couple of weeks, it was learned Saturday at the office of Major S. F. Wilson, district highway commissioner.

More than 200 fans and guests attended the testimonial dinner honoring Coach Byron Bozarth and the Happy Warriors basketball team at the high school cafeteria Friday evening.

Simon Bogdan, a clerk, of 9014 Pacific avenue leaped into the Mississippi River and saved his pet bulldog from drowning.

Mr. and Mrs. Clifford Barr entertained at a dinner Friday at their home in Venice. Among the guests were Mrs. Richard Blake of White Hall, Ill., and Mrs. Helen Hartman of East St. Louis.

The Kindergarten class of the Baptist Church of Venice combined its meeting Friday evening in the home of Mrs. Jesse Hargrave on Bassett street with a surprise handkerchief shower for Mrs. Ann Burkh, whose birthday was observed.

Mrs. Effie Jackson of Herrin, Ill., visited this weekend at the home of Mrs. George Wright and family. She is in Granite City the past week assisting in an engagement campaign at the First Baptist Church.

Mr. and Mrs. J. C. Montgomery of Venice spent the weekend in Washington, Ind., visiting relatives.

Mrs. Harry Schooley, Mrs. Jewel Edwards and Mrs. Fred Haskins were awarded honors at a bridge Thursday evening at a meeting of the Whinnu Bridge club, held at the home of Mrs. Clara Williams of Madison.

Madison residents who belong to the Baptist Church and are attending the State Women's Missionary Union meeting in Marion, Ill., are Mrs. Ray Hovess, Mrs. M. C. McElanahan, Mrs. Vernice Wortman, Mrs. Chester McManaway, Mrs. Rogers, Mrs. Tilly Blumhagen, Mrs. Doris Lackey, Mr. and Mrs. Louis Girard and Rev. and Mrs. Harold Harnish.

Mrs. Barbara Willis, Mrs. Barbara Fichte and Miss Ellen Sheridan returned Sunday from a week's visit in Virden, Ill., with Mr. and Mrs. Harry Willis.

## The FORM

45 DAYS IN WHICH TO DECIDE ON EMPLOYEES

To the Editor:

In regard to Mr. William Stull's ridiculous letter concerning the hiring of college students by Granite City Steel.

First of all, I would like to say that he is right in saying that college students cannot receive unemployment benefits when they return to school.

Second, it is company policy at GCS that any employee, who wishes to take advantage of it, will be reimbursed for half of his or her tuition upon satisfactory completion of a course at a college while employed.

Even Mr. Stull, who is a student, may take advantage of this. I am a student and take advantage of it.

Third, and perhaps most important, Granite City Steel is a little rough on all new employees—there is a 45-day probation period in which the Mill has the prerogative to keep or get rid of any employee who does not measure up to the standards set down by the company.

**SORRY TO SEE TRANSIT SYSTEM CHANGE HANDS**

To the Editor:

I am indeed sorry to see the Illinois Terminal bus system go by way of oblivion.

I want to take this opportunity to congratulate the bus drivers for the many courtesies they have extended to their passengers throughout the years of their dedicated service to the community. They have established a record of service and courtesy for which they can justly be proud.

Mrs. Catherine Davis and son, Billy, of Harrisonville, Mo., are the guests of Miss Elizabeth and Minnie Schiller of Venice.

Miss Ruth Rohan, daughter of Mr. and Mrs. Arthur Rohan, was at home from the College, Carlinville, to spend the weekend with her parents.

St. David's Choral Society, assisted by the Treble Clef Choral club, will present a cantata, "The Crucifixion," on Palm Sunday at the First Presbyterian Church. Soloists are to be Joe Davis, tenor; Eugene Bonner, St. Louis, bass; Mrs. Jessie Morgan, Reno, soprano; and Mrs. Bethel Davis, alto.

Mrs. Harry Costello, Mrs. Stark and Mrs. Jesse Fuhrman are at home Friday afternoon when the Etanarg Pinocchio club meet with Mrs. Walter Schuler of Edwards street.

On Thursday evening, a club party was held at the home of Edith Mitchell on State street. Three of the eight present to win prizes were Mrs. Paul Leverage, Mrs. Wynne Watkins and Mrs. Nellie Hahn.

Mrs. David Evans of Iowa street was hostess Thursday evening to St. David's Auxiliary and there was the usual business session followed by games.

Ben Thomas, president of the group, was in charge and plans to celebrate the club's 25th anniversary tomorrow evening with a party at the Episcopal Parish House.

Twenty were present, and refreshments were served by Mrs. Evans after the games. Prizes went to Miss Frances Lynch and Mrs. Arthur Kennedy.

Mrs. Harry Seivus of Mitchell was another of the club hostesses. She entertained eight members of her pinocchio club and won first prize. Second prize went to Mrs. Frank Leach and third to Mrs. John Shanahan.

There are still memberships open in the Little Theatre of Venice. Business Manager William Popov announced today that the Little Theatre, managed by Pauline Duncan, Richard King, Elmer Hammond, Harold Berry, Alex Lindoff, Harold Kish and Melvin Merrill.

Officers of the Little Theatre are Robert Butler, president; William Popov, business manager; Andrew Gitchell, secretary; and John Schull, director.

Officers are invited to contribute to this column. Name and address must accompany each communication. Identity of author will not be revealed unless desired. Letters should be 250 words or less.

term. Now that Bi-State is a reality.

I suppose West Granite will be deprived of all bus service, and all wages that the 27th street run will be discontinued, and the old route over 24th street will be reintroduced at a time when new routes like deep into Glenview will someday be needed.

**TELL OF ANXIETY DURING SEARCH FOR THEIR CHILD**

To the Editor:

We want to extend, through this letter, many thanks to the Granite City Police for their help and assistance in the search for our one-and-one-half-year-old daughter was discovered to be missing from our home. After a quick search through several streets, property, we contacted our neighbors and notified police.

Many neighbors and the police gave freely of their time and efforts. We were soon rewarded. An officer located our daughter a few blocks from home, and she was quickly returned to us.

Only a parent can know the wonders of having a small child wander away from home, and only a parent can know the joy of deep appreciation and gratitude that we have toward our neighbors and the Granite City police force. We thank all of you so much.

**P.T.A. JAMBOREE TO AID PICTIC CLASS TOUR**

To the Editor:

Funds from the third annual "western jamboree," sponsored by the Marshall school Parents Teacher Association and attended by 600 persons, will be used for the school picnic and for the sixth grade pupils' trip to the state capital in Springfield next year.

Those mainly responsible for the success of the program were Gene Ross, master of ceremonies, and the P.T.A. and the many of them professional musicians, singers and comedians. Free services were provided by the service forces.

## City Election Result—A Victory For The Public

It was a great day for local citizens. The public proved once again on Tuesday that it is the real political giant. It may sometimes fail to exercise its power, but when deeply concerned about the trend of governmental affairs—it can speak out in a voice too thunderous to be misinterpreted or ignored.

The issue was the Granite City council majority's almost total disregard of public needs and during recent months. Voters had their say, and the majority is now a minority.

The broom swept clean, but not blindly. An almost unbelievable total of seven new aldermen will be sworn in next month, but Aldermen Partney and Whitner and Street Sup. Warfield gained re-election with ease on their meritorious record. Of the incumbents who were defeated, some were only losers, not last badly.

Alderman Nonn was the only incumbent whose record was challenged as inadequate but gained re-election anyway. His 795-651 victory margin hardly bears out any claim of political invincibility, he would be "scared" all the way. Perhaps even more important, most of the "yes men" who gave him influence beyond the Fifth Ward no longer will be occupying council seats. And Tuesday's winners include many who should be more than capable of holding their own in council debates, regardless of the tactics used against them.

For the first time in years, Curtis Blevins has given leadership to Fifth Ward voters, and we hope his leadership will continue in public and civic affairs despite his loss by a scant 6% of the votes.

That it was a bad day for the city hall machine was clear as the outcome of non-party races. The mayor's record of machine backing ran next to last in a field of seven assistant supervisor candidates, and Park Commissioner Bloomquist, who holds a city appointive position, was defeated in the Granite City park voting.

Other results saw incumbents gain re-election in Nameoki township, Venice township and the Venice park district; former Highway Commissioner Eberhardt of Mitchell defeated the incumbent; and the Venice park district, which had been controlled by the Venice park board, was defeated by the Venice park board.

It was a great day for the public, which can look forward to even better days ahead.

## Where Is This Idea Of Using Federal Funds For Personal Gain Going To End?

Disclosure that some Rural Electric Cooperatives are lending 4% money to employees to buy, build or remodel their homes is just another illustration of how far aided federal paternalism has gone.

It is a fine thing, certainly, for everyone to own his home, but there are legitimate lending institutions for this purpose. Further, when REA can borrow taxpayers' money at 2% and then lend it out—competitively against private business—at 4%, there is something wrong.

The REC explanation that the loaned money came out of earnings rather than direct federal grants or loans is just a subterfuge. For REA funds are originally from the taxpayers; there could be no earnings otherwise.

And, as one congressman said: "RECs are in the power business, not the banking business."

## SIDELIGHTS from SPRINGFIELD

By Sen. PAUL SIMON

**DRIFTING TOWARD A BAD HIGHWAY POLICY**

If I sense the trend of things correctly, Illinois is drifting toward a very bad highway policy. Recently the legislature approved a measure which in essence authorized the construction of a toll road along the northern part of the state.

During the debate on the measure, Sen. David Davis of Bloomington pointed out the whole issue clearly when he said that the legislature was doing more than just adopting one more toll road—it was also deciding on the construction of a toll road in the state.

More Requests Likely  
Sen. Davis specifically mentioned that if this measure would be approved—and it was, though not with my vote—during the next session there would be a request for a toll road from Rockford to Cairo, roughly paralleling Highway 51.

It seems safe to predict that in future sessions there will be additional requests for toll roads.

## Legislator Finds Courses Ignore Past Guidelines To Liberty

Those who plan and write college civics and searching judgments by the comments of State Rep. Noble W. Lee (R, Chicago), dean of the John Marshall Law School, in addressing a gathering of new legislators.

Points made by the speaker included these: the courses do not explain why American government has its present form of organization; they emphasize some aspects of the contemporary functioning of government without explanation of the value of restraints on government activity in preserving liberties for which the nation was established; study outlines stress a strong federal system, encouraging the idea that the national government should always be asked to do things for the people.

Now serving his 12th consecutive House term, Rep. Lee cited as an example a group of P.T.A. members who thought first of writing to Washington rather than Springfield to obtain financial help for a retarded children education program. He urged that, rather than just discussing U. S. foreign policies, civics courses should study and compare the U. S. and state constitutions.

There may be well-rounded instruction of which he is unaware, since the state has a large number of universities and colleges. But the level of interest, because it is essential that students learn of the past as well as the present, so that they can have proper perspective on events and issues.

As a second look by the universities at their textbooks and course outlines could prove helpful, additional thought should be given to the training of high school students in the junior or senior year. Only three or four years away from voting age, they need an understanding of American concepts of freedom and also should be familiar with day-to-day events and with issues involving their city, county, township and park government bodies.

It would be a fine thing if all students approaching high school graduation would make a thorough study of government and the local level and attend to the needs of the people. Some of the interest that would be generated might carry over into their adult lives, making them better citizens.

## Bold Approach To Solution Of Transit Financial Problem

Drastic steps are deemed necessary by the federal government to ease the nationwide mass transit financial dilemma resulting from increasing costs of the actions of the Community Development Administration.

The plan incorporates the best features of both public and private transit. The buses now owned by the people, encouraging their patronage and affording tax relief. At the same time, the efficiency of private managerial procedures has been retained.

Several factors bear out the belief that the new transit system will be able to stay "in the black" while improving service, providing uniform fares and establishing route patterns more closely geared to the needs of the people. Policies dictated by jurisdictional limits can become a thing of the past, duplicate lines can be consolidated, and offices and garages can be merged to bring about economies.

There is no way of determining in advance how successful the unification plan will be, but there is no doubt that it is off to a good start. A million dollars already has been saved from the amount set aside for purchase of the Community Coach Co. and the 14 other private transit firms.

## New Plan May Be Key To Financing Of Lake Park

The proposed Horseshoe Lake park and wildlife refuge has so much to recommend it that the federal and state governments cannot help but recognize the need. Financing has been the only stumbling block, and a proposed Land and Water Conservation Fund now before Congress may provide the method.

State officials would be wise to take advantage of the matching funds if the plan is approved in Washington.

In setting up a new agency or utilizing an existing department, Illinois not only can get the long-awaited Horseshoe Lake development "off the ground" but also suggest the existing outstanding recreation program elsewhere in the state.

In the northern part of the state, the highway department was making plans for a limited-access four-lane highway paralleling Highway 30. Now, with the toll road coming, this will not happen and residents of that area who want good highways will have to pay the toll.

I completely understand the desire of these people to have a highway, and have it now. I question the wisdom of doing it the toll way.

**Enough Safeguards**  
4) The final thing that is wrong with all of this is that the government is not doing enough to protect the people from the toll road.

One of the rumors around Springfield about some of the goings-on in the state is that the toll road is not a toll road, but a money-making agency.

Once these tolls go on, we will have a hard time ever taking them off.

## SAFE GUARD YOUR HEALTH

**NEW HOPE FOR COMMON FORM OF DEAFNESS**  
It wasn't too long ago that victims of a common type of deafness were resigned to a life of silence.

Today, thanks to a relatively new operation, almost all of the estimated 100,000 deaf people handicapped by this chronic disease can be cured.

## Your Governor Reports

by OTTO KERNER

## YOUTH COMMISSION PROGRAM STRENGTHENED

The improvement of the Illinois Youth Commission has been uniquely gauged by an independent survey committee which found, upon submission of its report, that some 60% of its recommendations already had been put into effect by the youth agency.

The "new look" in the Illinois Youth Commission is directly attributable to the aggressive leadership found in all key positions, including the chairman, Mr. A. Troike.

Shortly after I took office in 1961, a situation arose in one of the IYC facilities—the Industrial School for Boys—that highlighted the need for improving the commission's program.

It was subsequent to the situation that I appointed Troike and a special survey committee of leading citizens to evaluate our programs of delinquency prevention and the custody and care of the offender.

George Betts, then president of Concordia Seminary in Springfield, was named director of the Department of Corrections for the State of Texas, was named to head the group.

**Training, Public Education**  
While the committee surveyed the needs, our new leadership in the Youth Commission plunged into the job of strengthening the programs. As it turned out, 60% of what the impartial committee recommended he found had already been accomplished.

New emphasis has been placed upon the intensive training of existing personnel, and on raising standards for new employees.

An accelerated program of public education on the problems of delinquency was introduced, with regional conferences offered on such subjects as school dropouts and youth employment, and with additional training courses offered for police juvenile officers.

**Expanded Forestry Camps**  
A program of renovation of some of the obsolete facilities was begun, and at a minimum of \$100,000 the capacity of the forestry camps was expanded.

The Industrial School for Boys, which was the most of criticism two years ago, has undergone a complete revision of program, with emphasis on training, from custody to treatment. Academic training has been introduced in some of the forestry camps.

In short, the sights of this administration and the impact of its programs were aimed at the same target from the outset—a better youth program for the State of Illinois.

## KENNEDY'S COMMENT

By Rep. Leland J. Kennedy

## STATE SENATE VIEWED AS BLOCKING PROGRESS

As a member of the State House of Representatives, I have often been distressed by the actions of the majority of the State Senate.

The interests of labor and of the people are being jeopardized in particular recently by two Senate roll calls.

One of these is approval by the Senate a few weeks ago of one of a series of joint resolutions known as "states' rights" bills in the country.

The resolution was part of a package designed to reduce the powers of Congress, the U. S. Supreme Court and the voters. It was a plan to benefit the ruling cliques in government and state legislatures.

One of the more vocal forces that many of these Senators are "taking sides" are the first to take sides when the shoe is on the other foot—when they have a chance to take sides against labor.

Their argument is hypocritical. Illinois workers have not yet lost the right to seek gain for their share of the progress our country is making, and when other methods fail, to resort to strike, when necessary.

**Affects Freedom To Strike**  
But a great many of them are not only "taking sides" but are also forcing labor to work under the threat of substandard wages and inadequate living conditions for their families.

These are, after all, the very conditions which the Senate is designated to prevent. They are the very conditions which the Senate is designated to prevent.

They are the very conditions which the Senate is designated to prevent. They are the very conditions which the Senate is designated to prevent.

They are the very conditions which the Senate is designated to prevent. They are the very conditions which the Senate is designated to prevent.

### St. John Guilds Joint Meeting

"At Thy Mercy Seat" was the topic of the devotional service Monday evening when the Afternoon and Evening Guilds of St. John United Church of Christ held a combined meeting and service at the church.

A dessert course was served to 75 members and separate business sessions were conducted by the two groups with the presidents, Mrs. Ethel Holtzner and Mrs. Bea Rittenhouse in charge. Plans were made for the annual mother-daughter party on May 28 at the church. This too will combine the two groups.

After business was adjourned the ladies assembled in the church sanctuary for the annual Lenten Quiet Hour with Mrs. Paul Surber, spiritual life chairman, in charge, assisted by Mrs. Laverne Krauskopf, Mrs. Mildred Riddle and Mrs. Helen Robertson. Mrs. Marie Widdows was at the organ.

Miss Lois Koppleman, director of Christian education at the church, reminded the members of the Bible study being held each Thursday afternoon at 1 o'clock.

MISS SHARON BARNETT, a daughter of Mr. and Mrs. Roy Hayes, 2119 Washington avenue, who will be married Friday, April 5, to James Johnson, a son of Mr. and Mrs. Earl Frazier, 1605 Sycamore street. ## March Rains Boost Area Total To Normal Figure

The 5.30 inches of rain during March put the area at the normal level for the first quarter, according to the gauge maintained by the U.S. Army Corps of Engineers at the Chain of Rocks canal locks.

Rain or traces (less than a hundredth of an inch) fell on 17 days during the month, including 73 inch on Sunday. An added 32 inch was recorded Monday morning but will be included in the April total.

Total precipitation for the year now stands at 7.09 inches, which compares to 7.10 inches normal for the first three months.

In January, precipitation was measured at 1.46 inch, and

a mere .31 inch was recorded in February.

The March rains started on the first day with a trace, followed by a trace on the second, 15 inch on the fourth, 1.63 inch on the fifth, 10 inch on the sixth, a slight .01 inch on the seventh, .38 on the ninth and 10 inch on the 11th.

## Izzo Shows Dedication And Artistry In Concert

By John M. Moore

The final Community Concert Association assemblage of the season took place Monday evening at Granite City high school with Bernard Izzo, baritone, presenting an excellent program.

Mr. Izzo began with Tchaikovsky's "Pilgrim Song" and Handel's "Where E'er You Walk," changing moods completely by ending the first group with Lane's "False Phyllis." The artist's voice was sonorous, with a gentle, velvety expression, yet capable of very big sound. Both his religious and rollicking manners were of immediate appeal, but the former was better-suited to the personality and voice.

The second group consisted of three arias, "Hat Mann Nicht Auch Gold Beibehalten," from Beethoven's Fidelio; "Du Mein Heiliges Abendmahl," from Tannhauser; and "Marriage of Figaro" by Mozart. Beethoven's uncommon vein of gaiety was well-conveyed, as was the dramatic, characteristic longing of Wagner and the impish mood of Mozart. The very serious Abendmahl accentuated Mr. Izzo's special ability with the most truly poetic music.

Three Sea Chanties (Sailor-men, Trade Winds and Captain Mac) comprised group three, furnishing humor and relieving the tension of heavier music.

Mr. Burk, the accompanist, presented a fine solo, "Vito," by Manuel Infante, which met with high approval from the audience.

Folk Song Group  
American folk songs constituted group five, detailed as follows: "One Morning in May," arranged by Sowerby; "The Gone Away," Davis' arrangement; "Dead Old Woman," the Davis version. These carried the usual good audience interest which folk song obtains, especially the third which seemed to appeal most to the listeners.

Contemporary solos made up the final programmed group. First, Bury's "There is a Lady," Herbert's "Every Day is Lady's Day" from The Red Mill and "For You Alone," by Gersh.

The final encore, Mr. Izzo presented "One Hand, One Heart," from West Side Story, with great appeal. When re-

called for a second encore, the artist mentioned his religious record album, and performed "The Blind Pilgrimage," thus ending with the serious and religious poem which is his excellent medium.

During the concert, on a short silent interlude, the entire audience was in soundless suspense, as though everyone held his breath at once, waiting for Izzo's next tone. This was well-deserved, for he is obviously not only a great artist, but a spiritually dedicated person.

### Navy Airman Ficken At Florida Air Station

A 20-foot flower bed, designed in a replica of the Civil War Centennial emblem, was approved for the lawn at the city's main fire station, 23rd street and Madison avenue, Monday night.

The request was submitted to the city council by Aunt Becky Young, Tent 92, Daughters of Union Veterans, and the patriotic instructor, Mrs. Violet Eastabum, said the flower bed will be designed professionally.

Exact location of the floral display will be selected by Fire Chief Elijah King. Mrs. Kassabum, in her letter to the council, said the "Tent" plans to complete the project before Memorial Day.

Several council members expressed their appreciation of the offer, pointing out such a floral arrangement will add to the beauty of the fire station.

**Seek Memberships In Organization  
To Sponsor GCHS Lettermen Banquets**  
Help!  
The Alumni "G" club, in reality four sports-minded individuals who sponsor two banquets each year for Granite City high school lettermen, with the assistance of various institutions, merchants and industries here, is seeking financial aid in order to continue the recognition dinners.  
Sponsorship of banquets by these means has become too much of a financial burden, according to the organizers, who staged the first banquet back in 1955.  
The current four, David Morgan, Cameron VanBuskirk, Ernest "Art" Rich and John Tarpo, say that for reasons of business and health another method must be found.  
They believe they've come up with a solution in the form of a dues-paying organization which would limit membership to non-graduates and past lettermen at Granite City high school.  
Interested persons may become charter members by paying a \$5 initiation fee, which includes dues for one year. Each year thereafter, membership may be renewed for \$3. The organization would be self-sustaining and non-profit in nature, making dues tax deductible, and its sole purpose would be to recognize lettermen at GCHS banquets.  
Dues would cover the cost of food and banquet speakers at two dinners each year, one at the conclusion of the fall sports season for football and cross-country lettermen, and the other in the spring for basketball and wrestling lettermen.  
A \$5 check payable to the Alumni "G" club mailed to Morgan or VanBuskirk, or the payment of \$5 in cash to any of the four organizers or to the Granite City high school, would constitute membership. Receipts will be provided.

**Small Craft Lockage Signals Are Located**  
Navigation aids aimed at facilitating the locking through of small craft at the Alton locks and Granite City (Chain of Rocks Canal) locks are located at both sites, the U. S. Army's St. Louis Engineer District reminded private power boat operators this week.

A pull chain for signaling the lockman is located on the floating mooring but at the west side of the lower intermediate wall about 600 feet below the auxiliary lock mooring gates. No provision is made for signaling from the upper side of the locks, since even small boats are easily seen by the lock operator.

At the Alton dam, pull chains are located in the ladder recesses on the upper river guard wall 150 feet above the lock gates and under the highway bridge. The signaling devices are identified by large signs with black letters on yellow backgrounds which read, "Small Craft Lockage." Pull Chain to Signal for Lockage."

**Social Security Filing Urged For Workers, 65**

Ralph Brasher, district manager, East St. Louis Social Security office, urged all workers 65 and over, who are still working, to visit his office to discuss their Social Security status.

Recent changes in the law, permit payments to individuals in many instances even though they have earnings in excess of \$1,200 in the calendar year.

"Filing of a claim," he said, "by an individual at age 65 enables the Social Security Administration to process his claim and establish a benefit rate for the worker. Upon retiring a notice can be sent into the Payment Center and benefits are paid within a short time."

Brasher, further stated that higher earnings earned by a worker after he filed for Social Security benefits can be used to recompute his benefits.

He said that persons contemplating filing are requested to bring with them a document proving their age, and a copy of their 1962 Withholding Statement, "W-2."

The Social Security office is located at 435 Missouri avenue, East St. Louis, and is open to the public Monday through Friday, from 8:45 a.m. to 4:45 p.m.

### Helps Establish Infantry Course Scoring Criteria

Army Pfc Harry E. Martin, 25, whose wife, Janet, and parents, Mr. and Mrs. Schley F. Martin, live on Rural Route One, Granite City, recently helped establish scoring criteria for 1st Armored Division soldiers taking the Expert Infantryman Badge test at Fort Hood, Tex.

Martin, with other members of the 16th Engineer Battalion, made a trial run of the test course to establish an average score. A heavy-truck driver in the battalion's Company A, Martin entered the Army in October, 1961 and received basic training at Fort Leonard Wood, Mo.

## Drainage Discussion Is Halted Abruptly

Storm water drainage almost became a major issue at Monday night's Granite City council before a motion for deferral halted debating before it entered the second round.

A request by Sixth Ward Alderman Samuel Shackelford for the city engineering staff to survey and prepare a cost figure for a drainage line across private property along Pershing avenue brought out quick questioning by Alderman Samuel Whitmer and Ford Johnson.

Shackelford, without giving a name or address, said water from the street was flowing over the property, and that an underground pipe had been requested. "It will drain Pershing avenue for about a block," he added.

Whitmer questioned if the proposed line would be on private property, and when told it would be, asked if it was actually a city problem.

"I think it is," Shackelford replied. "The natural flow is over the property."

Nech In Eighth Ward  
Entering the discussion, Alderman Johnson said, "he had many such problems in the Eighth Ward and had asked the city engineer for help."

money from taxes" and that he has no adequate remedy at law and "will suffer irreparable harm and damage by reason of the continued assessment and collection of taxes against his property."

"Deprived Of Right"  
Barth contends the negotiated agreement deprived him of his right to have such contracts let by competitive bidding.

An ordinance was adopted placing the newly-annexed area of North Granite in City Precinct 10 of Ward Four for city elections. The area was annexed last May but a precinct and ward had not been designated. The city was advised by the state division of highways that the \$45,000 motor fuel tax allocation for cleaning sewers under arterial streets in the downtown area had been approved and was supplemental to the \$113,000 MPT allotment for maintenance

of arterial streets during 1963. Also, notice was given of the approval of a supplemental \$20,000 MPT appropriation for improvement of Marshall avenue, a project which had been approved last year. The supplemental resolution boosted the total to \$40,000 for the project.

The 50-minute council session started at 8:10 p.m. with 12 of the 14 aldermen present, and Mayor Davis presiding. Absent were Aldermen Estill Schmitt and Casmer Skubist.

The council was advised of the special meeting set for Wednesday to resolve the pollution problem.

## Solon Legislative Committee Again Debated—No Action

The Granite City council's need for a special committee to study bills before the state legislature was stressed during Monday night's session by Alderman Mrs. Gabrielle Bettine. The alderwoman devoted briefly to Alderman Edmund Bartosiak on the issue, but no comments were made by Mayor Davis, who was authorized a month ago to name such a committee.

"I heard the committee is not to be named until after the city budget is prepared and that the members will be given expense allowances to go to Springfield. I'm against this," the alderwoman said, addressing her remarks to Mayor Davis.

The mayor remained silent.

**Get Data Through Mail**  
"We don't need that kind of committee," Mrs. Bettine added. "Plenty of information can be obtained through the mail, and letters can be written or telephone calls made to our legislators."

Mrs. Bettine called for naming of the committee immediately while bills are being introduced in the General Assembly. "Why wait until budget time. That might be too late," she remarked.

No action was taken by the mayor or the other council members.

The alderwoman re-emphasized her stand after Bartosiak's spoken out against the proposed added penny cigarette tax. He said he had read of the proposal in that afternoon's Press-Record and recommended the council go out opposing the tax.

**Disputes Continued Tax**  
The state added a penny for the veterans' bonuses and has

never taken it off. I can't see any reason for increasing the tax; some efforts should be made to reduce taxes and here we might save Granite City some money," he stated.

Bartosiak said he was a cigarette smoker and that he thought at least 80% of Granite Cityans smoke cigarettes.

Mrs. Bettine told Bartosiak that when she first proposed a legislative committee, he was one of the objectors.

"You said the people didn't need the council to get details on legislative bills; that they could find out for themselves. Now that, an added tax on cigarettes is proposed, you are interested."

**Stresses Need For Committee**  
"We need this committee to keep us and to keep Granite Cityans informed as to what is going on in Springfield, and it can be accomplished at a minimum cost of subscribing to a couple of information services," the alderwoman said.

Bartosiak said Mayor Davis was absent at one meeting when the alderwoman inquired as to the delay in the selection of the committee, and that was why he objected.

"The mayor was absent at every meeting I made the request," she replied.

Bartosiak's motion to oppose the added cigarette tax, which would increase the state cigarette tax to five cents, was approved by a vote of eight-to-four.

He then asked for the city attorney and engineer to look into the proposed state pesticide program, slated to begin in 1964. "This might prove beneficial to the city in its fly and mosquito spraying program," he added.

The permits were issued to the Village Shopping Center of St. Louis and the Wolff Construction Co. of St. Louis, the contractor, Virgil L. Dulgeroff of Granite City is the architect.

## \$91,551 Rise In Venice Twp. Tax Levy As State Aid Drops

The 1963 Venice township tax levy set at \$167,371, an increase of \$91,551, at the annual town meeting held Tuesday afternoon in a basement meeting room of the Venice city hall. A decrease in state financial aid was cited.

The new levy consists of \$137,210 for general assistance, up \$64,410; \$27,141 for the town fund, up \$27,141; and \$3,020 for the Illinois municipal retirement fund, same as a year ago.

The township formerly levied a ten-cent tax rate, which would provide \$69,820 based on the current Venice township assessed valuation of \$69,820,473. The state then met all relief expenses exceeding that amount.

With Illinois Public Aid Commission costs mushrooming far beyond the funds set aside for assistance purposes by the state legislature, a number of "belt tightening" steps have been taken at the state level. The township has received no funds from Springfield since last July. Moore said after Tuesday's meeting, which was attended by 14 electors.

While it was deemed advisable to more than double the general assistance levy, township officials said they plan further contact with the state to determine whether some aid can be obtained during the coming year.

**\$188,995 Budget**  
The gathering approved without changes a proposed 1963-64 budget of \$188,995, which represents an increase over 1962-63 of \$3,965.

Appropriations amounted to \$137,210 for the general assistance fund, down \$6710; \$46,770 for the town fund, up \$12,075; and \$3,015 for the municipal retirement fund, same as last year.

The township anticipates a deficit of \$27,741 for the town fund, leaving a \$19,628 deficit. The \$27,741 consists of \$17,141 on hand and \$10,600 from the new tax levy. There was no 1962 town fund tax levy due to the size of the cash balance at that time.

**Borrowing To Continue**  
Receipts for general assistance are projected at \$87,176, leaving a potential deficit of \$50,033.

The \$87,176 figure includes \$14,376 currently on hand, \$27,800 in taxes from the 1962 levy (\$72,800 less \$45,000 tax anticipation warrants) and \$45,000 in new tax warrants.

With the previous retirement fund tax levy totaling \$1993 less than the estimated expenses, a possible deficit in that amount is listed.

**Legal Post Not Filled**  
The electors again created the position of township attorney at the same \$2400 yearly salary but left the post open pending a further decision by township officials. G. Edmond Cook, the attorney for many years, has been ill recently.

Nick Vassileff, Madison city attorney, served as legal counsel for the town meeting. Supervisor Moore was designated to draw up the 1963-64 budget, an annual task formerly given to Cook.

Stanley Krakowicki again served as moderator of the meeting.

**Assessment Cards, Photos**  
Town Clerk Thomas Foley called attention to a \$1500 budget item for assessment photographs and property surveys and read part of a letter in which County Treasurer George Musso pointed out that the Illinois Department of Revenue now requires assessors to establish permanent property record cards, including photographs of any improvements on the land.

Musso said in the letter that the state will furnish the cards, which may not have to be completed this year but will have to be started. He again stressed assessing at 60% of value to avoid township assessment multipliers.

Resolutions set yearly salaries at \$3000 for the highway commissioner, up \$1000; \$4800 for the supervisor of general assistance, same; \$600 for the town fund supervisor, same; and \$1800 for the town clerk, same.

**Salary Pay Collector**  
Meeting pay for members of the town board of auditors was set at \$15, and a total of \$850, same as last year, was budgeted for their pay during the coming year. The budget establishes a \$4000 salary for the tax collector and continues the salaries of the treasurer, \$4500, and health officer, \$1000.

**Yearly Reports**  
The 1962 showed the following: Town fund—\$25,802 previous balance, \$36,488 received, \$45,749 spent and \$17,141 on hand. Retirement fund—\$13,575 received and nothing spent. Road and bridge fund—\$7832 previous balance, \$13,541 income, \$20,038 spent and \$334 left.

New obligations in the general assistance fund totaled \$83,944 and disbursement reached \$97,976, cutting the total of outstanding and unpaid bills from \$26,612 to \$22,580. Receipts amounted to \$81,751, with the cash balance dropping from \$30,601 to \$14,376 during the past year.

### Long Distance Phone Rate Change Today

Many out-of-state long distance calls placed after 9 p.m. will cost less beginning today.

Lower interstate rates will be in effect from 9 p.m. until 4:30 a.m. daily on station-to-station calls of more than 200 miles.

Paul Stout, Southwestern Bell telephone manager said, "These 'After 9' rates will be from five cents to 75 cents less than present night and Sunday rates for the initial three-minute periods."

An "After 9" call from Granite City to Los Angeles will cost 90 cents plus tax for three minutes. Present lowest charge for this call is \$1.40 plus tax.

When the "After 9" plan begins, five-cent and ten-cent increases will be made on out-of-state person-to-person calls up to 800 miles. These increases will help bring these rates more in line with costs of providing this personalized service, Stout said.

Bell System long distance revenues will be reduced an estimated \$30 million a year as a result of these changes, he added.

"After 9" rates for long distance calls within Missouri were introduced earlier. These rates are in effect from 9 p.m. to 4:30 a.m. daily.

The traffic death rate in the Quad-Cities and immediate surrounding area so far in 1963 stands at nine (first quarter of the year), making this the third worst fatality record in history.

Only in 1957 and 1954 did the local area begin a year with so many fatal auto accidents. In both of those years, the first three months saw 12 deaths.

The year of 1957 ended with 16 more for a total of 28, while the final three-quarters of 1954 brought 22 for an all-time high yearly death toll of 44.

Other annual tolls were 21 deaths in 1953; 36 in 1955; 27 in 1956; 23 in 1958; 24 in 1959; 19 in 1960; 25 in 1961; and 20 last year, when there were six in the first quarter.
